VOLUME IX. NUMBER 48.

PADUCAH, KENTUCKY, WEDNESDAY, FEBRUARY 26, 1902.

10 CENTS PER WEEK.

## THEY CAN VOTE NOW

But the Senate is to Suspend Offending Senators.

A Conference Results in a Partial Restoration of the Culpits.

NO DEFINITE ACTION YET TAKEN

Washington, Feb. 26.—The most important development in connection with the Tillman-McLaurin episode of last Saturday was the act of Senator Frye, president pro tem of the Senate, in ordering the clerk of the Senate to restore the names of the two South Carolina Senators to the Senate roll. If the present plan is carried out, this act will be followed by the adoption by the Senate of a resolution before a vote on any other subject is taken, practically endorsing the action of the president pro tem in ordering their names erased and suspending the two Senators for some definite time.

The order of Senator Frye for the restoration of the names to the rolls was issued almost immediately after the Senate convened, and was the result of a general conference among the Republican leaders of the Senate. When asked if the result of this action would be the recognition of either of the Senators to either vote or speak, Senator Frye replied that it would not, and that was a question which must be decided by the Senate. He declined, however, to state how the question would be brought to the attention of the Senate.

Inquiry in other quarters developed the fact that there had been a conference of the Republican leaders in Senator Aldrich's room yesterday, and that the extent of Senator Frye's rulings, and especially its far-reaching effect, not only in this case, but as a precedent, had been very exhaustively discussed, the construction being that action of the president pro tem in striking the names of the South Carolina Senators from the roll and his refusal of a request to have their names called was beyond precedent in the Senate, and not entirely justified.

## THE SCHOOLS.

MISS CLARA MOORE IS ILL TODAY—MISS DESHA NOT IMPROVED.

Miss Clara Moore of the Washington school was taken suddenly ill today at noon, and is unable to attend her duties at school. Miss Draffen has charge of her room this afternoon. Her illness is not considered serious.

Miss Desha is still ill, and Miss Maggie Acker is teaching her room at the Franklin building.

Prof. Norvell and Hatfield, who have secured the big liquid air entertainment for the benefit of the High School library, have finished all preparations, and all is readiness for the entertainment tomorrow night. All who have bought tickets can have them reserved at the box office. All the proceeds of the entertainment will go to the school library, although the gentlemen who secured the entertainment guaranteed the firm a big sum, and took all the responsibility on their own shoulders. Enough tickets have been sold to cover the expenses, but it is thought that a neat little sum will be cleared, as such an entertainment has never been seen in Paducah before.

## THE ROADS.

THEY ARE HARDLY PASSABLE THROUGHOUT THE COUNTY.

Mr. John Ogilvie, formerly a deputy sheriff of the county, is in the city today for the first time in two weeks. He came in from Landon this morning, and says that the roads are in a horrible condition, and can hardly be called roads. The gravel roads are also in a bad condition, and the dirt roads are impassable. As soon as the weather improves a gang will be sent out to work the roads, but at present nothing can be done.

## THE MONUMENT FUND.

Postmaster Fisher has received about \$35 for the McKinley memorial fund. Contributions may be left at the post office, banks or express offices.

## THE MARKETS.

(Reported daily by ARKIN & GILBERT.)

WHEAT—	OPEN	CLOSE
May	75	75 1/2
July	74	74 1/2
CORN—

July	8 1/2	8 1/2
August	8 1/2	8 1/2

New York Spots, unchanged at 81. No sales. Money 2 percent, easy.

## THE CAT RETURNS.

FERRY BOAT OFFICERS PLEASED OVER THE SUDDEN RETURN OF TABBY.

The cat came back 'cause it couldn't stay away. Last fall the black cat that served as a mascot on the Bettie Owen left Paducah for parts unknown, but yesterday showed up and is now back at the old stand. It was several months ago that the cat disappeared, and nothing was heard from it, although Captain Bob Owen tried in every way conceivable to locate the animal. Yesterday tabby boarded the Dick Fowler at Cairo, and although the deck hands tried to run her ashore she came to Paducah without paying fare. As soon as the boat landed here last night tabby made a leap and made for the levee and then to the ferry boat, as hard as it could run. Captain Bob is more than pleased to get his pet back and thinks it will not stray away again. Every morning the cat goes to the top of the levee and waits for Captain Bob's coming, and when he arrives the animal runs about him with the pleasure a dog exhibits in seeing his master.

## SCHOOL BOOK BILL.

Governor Beckham Urges the Legislature to Hasten Action.

Claims the Democrats Are Pledged to Pass It—No Extra Session Probable.

Frankfort, Feb. 26.—Governor Beckham this morning sent a long message to the legislature urging the immediate passage of the uniformity school book bill. He said it was a party pledge that the people of the state were expecting the Democratic majority to fulfill.

It is believed that this action indicates that he has no intention of calling an extra session.

The senate today passed a bill appropriating \$100,000 for Kentucky's exhibit at the St. Louis exposition. The senate passed a bill allowing Foland and Edwards each \$250 for the expenses of contest. The St. Louis appropriation bill, after passing the senate, was immediately reported to the house.

This afternoon the bill making the salaries of jailer and deputies in second class cities \$1,500 to \$2,000, and \$900 to \$1,200 was passed in the house, after a hot opposition speech by Representative Clark of McCracken.

The house committee on A. and M. college has decided to report favorably the bill appropriating \$8,000 annually to continue the geological survey in connection with the Agricultural and Mechanical college.

The senate committee on judiciary decided to report favorably the Hickman "practice act," the house bill requiring applicants for admission to the bar to be examined in open court by the circuit judge and two attorneys, and also the bill requiring a \$10,000 bond of persons who deport into Kentucky dependent children. The object of this last bill is to prevent the bringing of children here to become charges on the state.

The Benick bill, making the fraudulent sale of goods of another a penitentiary offense, was adopted by unanimous consent.

## LYNCHING IMMINENT.

TWO NEGROES IN A SERIOUS PREDICAMENT AT RUSSELLVILLE.

Russellville, Ky., Feb. 26.—Frank Simmons and John McKissick, negroes convicted yesterday of burning the store at Adairville, were taken to Bowling Green to avoid lynching.

En route Simmons attempted to escape and was mortally shot. He was brought back and both were put on trial for robbery today. The town is crowded with angry men and lynching is imminent.

Both negroes were given six years for house breaking. Simmons was sentenced in his cell. The mob spirit is rife.

## TOBACCO SALES.

THE MARKET HAS NOT YET BEGUN TO BOOM.

The local tobacco sales were light today. Farmer and Co. had no sales, but the following sales were held at the Western District warehouse, corner Jefferson and First streets: Common to medium leaf sold from \$5 to \$6. The best offered brought not over 6 cents.

There was a good attendance. The farmers are bringing in a large supply of loose leaf, and with the better weather the tobacco market will be all bustle and hurry.

Liquid air freezes mercury, renders rubber brittle and melts steel. See it at the Kentucky tomorrow night.

## IN THE LOCAL COURTS

Only Minor Cases Were Heard in Circuit Court Today.

Judge D. L. Sanders Had an Unusually Short Docket in the Police Court.

WAS A DULL DAY FOR THE LAWYERS

## CIRCUIT COURT.

In the case of J. W. Bean against Fannie Kilgore a judgment was filed.

In the case of Maggie Seibert against Mary E. Greif the special demurrer was overruled.

In the case of N. M. Rudd against John W. Gipson, a decision was filed adjudging that the funds attached and paid into court were not subject to a re-attachment.

In the case of C. W. Morrison against the Mechanics Building and Loan Association the defendant's motion to set aside the judgment was overruled.

In the case of Perry Bryant against Griffith and Garrison the plaintiff's motion for a new trial was overruled and an appeal granted.

## POLICE COURT.

The case against Mose Moxley, colored, for obtaining money by false pretenses by selling stolen brass and other articles, was continued until Friday, and the case against John Thompson, colored, for stealing from the Ohio Produce company, was left open. The police are still investigating both cases.

J. C. Kriele and Ed Jones were fined \$15 and costs for being drunk and disorderly, and Claude Kriele \$1 and costs for a plain drunk. James Coyle, a river man, was fined \$1 and costs for being drunk.

## COUNTY COURT.

County Clerk Graham has received a communication from Auditor Gus Conliffe asking assessments for various corporations at this place. He is preparing to assess for franchise tax, and desires to know if amounts against various corporations here are greater than the following: Paducah Street Railway, town lots, \$3,500; other property, \$68,000; Paducah Banking company, town lots, \$1,500; other property, \$68,000; Paducah company, under head of town lots, \$110,000; American District Telegraph company, nothing; East Tennessee Telephone company, \$25,000; Southern Express company, nothing; Postal Telegraph company, \$2,350.

## BOARDING HOUSE BURNED.

FOUR MEN LOST THEIR LIVES AND A DOZEN OTHERS WERE INJURED.

Spokane, Wash., Feb. 26.—Four men lost their lives and a dozen others were injured, three probably fatally, in a fire of unknown origin which destroyed the boarding and bunk house of the Standard mine at Mace, Idaho.

The dead are: J. W. Edwards, D. R. Mann, Eugene Bangs, M. T. Moore. Fatally injured: E. J. Arbrough, E. E. McCallum, John Bowley.

Sixty men were asleep in the two buildings when the fire was discovered in the second floor of the boarding house. The alarm was quickly given, but the flames spread with such rapidity that all escape was cut off except through the windows.

Most of the injured were hurt while making their escape in this manner, though several were badly burned.

## CUTTING AFFRAY.

ONE WOMAN CUT ANOTHER SLIGHTLY IN THE SHOULDER.

Dona Beals, a negroess well known in police court, and May Bell Hutson, colored, had a fight at Ninth and Washington streets today about one o'clock, and the latter cut the former in the left shoulder with a small knife. The cutting was done on the outside of the building. The Beals woman claims she did no fighting, and that the Hutson woman cut her because she would not fight a woman named Ella Dobbis.

A warrant will be issued against the Hutson woman this afternoon.

## BASEBALL HERE.

IT CAN BE PLAYED ON SUNDAY AFTER PADUCAH GOES INTO THE SECOND CLASS.

Captains James and Bob Owen have refused to lease property on the Illinois side of the river to baseball promoters on account of the disorder it might create. The plan was adopted once before and proved unsatisfactory. Now that Paducah will soon be a second class city the Sunday violation will be done away with and the local fans can enjoy Sunday baseball without legal interference.

Photo copyright, 1902, by Frances D. Johnston.

## LATEST PICTURE OF MISS ALICE ROOSEVELT.

Seldom, if ever, has a young American girl been brought into so much prominence as has Miss Alice Roosevelt, eldest daughter of the president. Not only is she to be the chief actor in the brilliant scenes attending the coronation of Prince Henry of Prussia and the launching of the Kaiser's new yacht, but she is to be present at the coronation of King Edward next June.

## THE PRINCE SIGHT-SEEING.

Elaborate Entertainment For Our Royal Guest in Gotham—The City is His.

## TODAY'S PROGRAM.

Luncheon with representatives of commerce and industry at 12:30 p. m. Sight seeing in New York in the afternoon.

Torchlight concert at the Arion club at 6:30 p. m.

Banquet of the press of the United States at 8 p. m.

Special ferry to the Pennsylvania railroad at midnight and journey to Washington.

New York, Feb. 26.—The entertainment of Prince Henry continues to be lavish, and the impression made yesterday by the launching of the Emperor's yacht is still vivid in the minds of the people.

Likewise was the formal presentation of the freedom of New York to Prince Henry, when he and his party stopped ashore.

The mayor received the prince, and they shook hands. The members of the suite grouped themselves about, while General Sickles and Carl Schurz were especially presented to the prince. After President Cantor of the borough of Manhattan and the vice president had been presented to Prince Henry, the entire party started for the aldermanic chamber. The prince entered on the arm of President Cantor, who formally introduced him to the board of aldermen, and President Forney acknowledged the introduction briefly. The prince was led to a place at the right of President Forney, while the mayor moved to the left of President Forney, with Admiral Evans beyond him.

When they had taken their places, President Forney said: "Your royal highness, Prince Henry of Prussia, it is my especial honor to request his honor, the mayor of New York, to tender you the resolution passed by this body granting you the freedom of the city."

Thereupon the mayor formally presented the resolution. He spoke of the charter granted the city of New York by Governor Dungan in 1686, and added:

"The freedom of the city, which is now to be conferred upon you is not very often been granted in all our history. If it be now in fact but a form of words, it is a form that signifies high regard and genuine friendship for him whom it is bestowed."

After the prince made his reply he was applauded for some minutes, and the official ceremony came to an end. The royal party went to their carriages and with squadron A as an escort, drove up Broadway through a line of enthusiastic people to Thirty-fourth street, and thence to the Hohenzollern, which was reached at 5:30 o'clock. Along the route from the city hall to the yacht, the prince was given a continuous ovation, and the American and German colors were everywhere.

At 6:17 o'clock the prince, his suite and Admiral Evans drove to the Metropolitan club, where they were the guests at dinner of the mayor, with the presidential delegates and a number of citizens. There were no formal speeches. The toasts were to "the President of the United States," music, "Star Spangled Banner," "to the Emperor of Germany," music, German national hymn; "to his royal highness, Prince Henry of Prussia," music, German naval hymn.

It is now generally conceded that navigation will be thoroughly opened up in the Ohio by the first of next week.

## ARE PROBABLY FATAL

Injuries to Colored Section Hand Who Had His Head Crushed.

A Machinist Painfully Hurt Here—The Railroad Earnings for February.

## OTHER MATTERS IN RAILROAD CIRCLES

Joe Chambers, a colored section hand employed by the I. C., was probably fatally injured at Frazier, Tenn., yesterday afternoon about 5 o'clock in a hand car accident.

Chambers was brought to the city last night, and taken to the hospital for treatment. The handcar jumped the track, and Chambers, it seems, was thrown under it. His skull was badly fractured at the base, and he is suffering from concussion of the brain. His condition is serious, and he may not recover.

Mr. W. D. Sandefur, the well known I. C. machinist, met with a serious accident last night while at work at the shops. He fell into a pit and badly sprained his back. He was taken to the hospital, where his injuries were dressed. This morning he is slightly better.

The hospital board will hold its regular meeting on Friday, the 25th of the month, at the hospital.

Round House Foreman C. D. Vinyard is off duty today ill. His position is being temporarily filled by Mr. Sam Dadds.

William Broughton of Horse Branch, who was brought into the city several days ago with a compound fracture of the leg, is improving, and will be able to be out on crutches in about ten days.

Louis Beck, the colored brakeman who was mangled under a freight car at Curvy, is improving. He is suffering from a fractured hip and arm.

The Illinois Central and Yazoo and Mississippi Valley railroads, on account of the great growth in the volume of business at Memphis and in the entire Memphis territory, and the opening of new lines in the delta of Mississippi, has decided to enlarge the jurisdiction of the general freight department at Memphis. Effective March 1, jurisdiction over the entire Yazoo and Mississippi Valley system south to Vicksburg will be given to Assistant General Freight Agent William Smith of Memphis, practically doubling his scope of authority, and with the territory of the Illinois Central north and south of Memphis over which he has jurisdiction, giving him almost a thousand miles of the two systems to look after.

The earnings of the Wabash for the third week of February amounted to \$359,328.12; increase, \$33,091.95; fiscal year to February 21, 1902, \$12,618,601.55; increase, \$1,048,147.14. Though the second week of February shows a gain in earnings, it is about set-off for the loss of the first week. Since the first of the year the increase in earnings has not been up to expectations. Going back to December, the completed reports of the leading systems and roads show a small gross gain and a fractional loss in net earnings. The principal losses, as shown in the distribution by sections was in the Eastern trunk line and anthracite roads. The middle western roads were slightly below their average—in fact, all sections were affected by the cold weather.

## RUNNING FIGHT.

TEXAN SHOT ONE MAN AND FATALLY WOUNDED ANOTHER WHILE RESISTING ARREST.

Fort Worth, Texas, Feb. 26.—Darling Boyd was shot today at Gustine, Comanche county, by Allen Alsop. Alsop fled, pursued by Sheriff Jay and a hastily organized posse of twenty men. They came up with Alsop about 4 p. m., and a running fight ensued, in which Alsop shot and fatally wounded a deputy sheriff. He was finally arrested and jailed. Grave fears are entertained that the prisoner will be lynched, as there is much excitement. Boyd will die.

While running to a fire this afternoon, Dick Rockett, ex-freeman, was joined from the hose truck and killed, the wheels passing over his chest.

## JACKSON ON THE BOOM.

Jackson, Feb. 26.—The bright weather of this week has caused work to be resumed on the new theatre, the Carnegie library, and other buildings being erected throughout the city. The Armour company has broken dirt for a big coal storage and distributing plant to be erected in this city. Jackson has also secured the Brosius machine works, which will shortly be moved from Indiana to this place.

Our job work can't be excelled.

## MEET TONIGHT.

ELK COMMITTEES TO HOLD A CONFERENCE—CARNIVAL NOTES.

The Elks soliciting and subscription committees will meet the executive committee tonight and outline plans for future work. A large attendance is anticipated.

The Elks are noted for their lavish entertainments, and the coming carnival is expected to exceed all former efforts. After considering for some time what kind of attractions to secure, the committee decided to engage the famous Bostock-Ferris Carnival Co., one of the largest in the world. There are twelve high class attractions, chief among these attractions being Bostock's famous trained wild animals, Kitamura's Imperial Japanese troupe of acrobats and the San Migus family, ariel artists. There will be eight other vaudeville acts. There will be two performances daily. Popular prices will prevail. The entire carnival will be a unique feature in the way of outdoor entertainments in Paducah.

## MR. H. QUANTE DEAD

Wealthy Resident of Metropolis Dies After Long Illness.

Was an Old Settler—No Funeral Arrangements Yet Made.

Mr. Hiram Quante, of Metropolis, an ex-banker and mill man, aged about 70 years, died last night, after a long siege of illness. He had been helpless for several months, and at times had been given up by his physician. Local doctors were sent for to treat the patient, and he was considered better until several days ago, when he had a relapse, and last night died. The deceased came from Germany, and was one of the earliest settlers of Metropolis, having been there before the war. He was quite wealthy. He leaves two sons and three daughters. No funeral arrangements have been made.

## CENSUS TAKERS

THE BOARD OF EDUCATION TO ELECT THEM TUESDAY EVENING.

The board of education meets in regular session Tuesday night, and among the most important things to be done will be the election of enumerators to take the school census in Paducah. These usually number three, and the census must be taken between April and May 1st.

There are now two applicants, Messrs. J. H. Hart and E. B. Richardson, both of whom have frequently been the enumerators. Other applicants will doubtless make themselves known before Tuesday.

The board will probably also elect a new teacher, to serve in place of Miss Hattie Wilson, who resigned last week.

## CITY CLERK DEAD.

WELL KNOWN MAN OF METROPOLIS DIES AFTER A LONG ILLNESS.

Mr. Robert K. Burden, city clerk at Metropolis, Ill., aged 46, died yesterday from consumption, after a long illness. He was one of the best known men there, having been a resident all his life. He leaves a wife and one child. The funeral will be held tomorrow afternoon at 3 o'clock. Mr. Louis C. Flanagan has been appointed city clerk until April.

## JOINING THE COLORS.

ITALIAN GOVERNMENT'S PRECAUTION TO PREVENT THE THREATENED GENERAL STRIKE.

Rome, Feb. 26.—Dispatches received here from all parts of Italy show that the railroad employees belonging to the mobile and territorial armies are joining the colors readily, in accordance with yesterday's decree of the government, a step taken to prevent the threatened general strike. The strikers at Turin are resuming work.

## MOTION NOT ACTED ON.

Judge Harker of Carbonate held a special term of circuit court at Metropolis Monday to pass on some motions, among which was the noted case of Mrs. Ora Lay against Dr. Young, which was decided in favor of the defendant. Major Moss of the city, who was attorney for the plaintiff, asked for a new trial, and the motion was expected to be acted on, but owing to the fact that the brief did not reach Judge Vickers in time, the opinion will be filed during the vacation some time.

## THE WEATHER.

Fair weather tonight, with indications of rain Thursday.

## CRUSHED TO DEATH

Harry Watson, Aged Seven Years, Killed in Mechanicsburg By Staves

The Coroner's Verdict Holds the Engineer on a Switch Engine Responsible.

## THE VICTIM'S DEATH ALMOST INSTANT

Harry, the seven-year-old son of Mrs. Mary Watson, who resides near the Paducah Coopers Works in Mechanicsburg, was killed in an accident in the factory yards yesterday afternoon about 4 o'clock.

He was walking between two high stacks of staves when a car that had been kicked into a side track by an Illinois Central switch engine, jumped the track from the force, and striking the staves, knocked one pile over on the unsuspecting lad.

He was buried beneath the load, and when the workmen removed the timbers it was found that his head was crushed, one ear torn partially off and his face was badly lacerated. He lived but a short time, and when Dr. Troutman arrived there was little that could be done for him.

The body was removed to the family residence on Meyers street, and Justice Sheehan notified Coroner Peal, who held an inquest. The evidence showed that the car was propelled with such violence by the switch engine that it ran ninety feet or more after it had left the track. The verdict holds the engineer responsible for the boy's death, and is as follows:

"We, the jury, find that Harry Watson, lying dead before us, came to his death by being crushed between two piles of staves at the Paducah Coopers Co., caused by an Illinois Central box car jumping the track and knocking the pile of staves on him. The car ran about 95 feet after jumping the track before it struck the pile of staves. We further find that the said killing was blameable to gross negligence of the engineer in charge of said train.

"Geo. W. Vickers, "Wm. Sullivan, "Charles Gordon, "John McDearmon, "N. C. Keebler.

"Feb. 25, 1902." The boy's father was formerly a conductor, and lived for a time near Sharpe, Marshall county. He does not now reside in this section of the county.

Coroner Peal held a supplementary investigation this morning, but no new facts were developed. No warrant will be issued against the engineer on the switch engine, it is probable. It was stated at police headquarters that no one had applied for one.

The funeral of the boy will take place at 2 o'clock tomorrow afternoon; burial at Oak Grove.

## COLD-BLOODED DEED.

YOUNG MAN SHOT TO DEATH AT MT. VERNON, ILL.

Metropolis, Ill., Feb. 26.—The report of deliberate murder comes from Mt. Vernon, Ill.

Richard Gillman, a young man, and Rev. John F. Harmon were returning from services at the Epworth Mission. At a street corner they parted, in a lonely section of the town near an old beer depot and where a "blind tiger" had been operated. Rev. Harmon heard sounds of a row. He turned back just in time to see his young friend assaulted by three young men, local toughs. One of them fired and shot young Gillman dead. The preacher recognized the assailants, reported them and they were captured and placed in jail.

Young Gillman with Rev. Harmon had been very energetic in opposing the "blind tigers" which have been operated in that city, and it is probably for this reason that the act was committed. There is also a probability that Rev. Harmon barely escaped a similar fate.

## REDUCED TAXATION.

GOVERNOR-GENERAL WOOD'S ORDER RELIEVES THE OWNERS OF RUINED ESTATES IN CUBA.

Washington, Feb. 26.—An order issued by Governor-General Wood of Cuba upon the recommendation of the secretary of finance, provides, among other things, that until otherwise provided, rural estates in the island destroyed during the war shall continue to enjoy the reduction of 33 per cent of the maximum rate of taxation.

EVANGELICAL LUTHERAN CHURCH.

This evening at 7:30 there will be our third Lenten service conducted in the German language. Members please take notice.

J. H. Rupprecht, Pastor.

WEDNESDAY, FEB. 26, 1902.

DAILY THOUGHT.

Some people spend their lives waiting at every station for the limited express.

—Saturday Evening Post.

The scene of hostilities has shifted from South Africa and the Philippines to the United States Senate.

Seventeen reasons are given by Senator Wellington why he has left the Republican party, any one of which is entirely satisfactory to the vast number of voters who have decided to stay with the organization," says the Globe Democrat.

There is no use in one United States Senator calling another a liar. All they have to do is to follow the example of Senator Wellington, who informed Senator McComas that if he "should make his statements outside the Senate Chamber he would brand them as a malicious falsehood." This means the same thing as a lie, makes a fellow just as mad, and a Senator can't be expelled for it.

The move to raise a subscription for a Young Men's Christian Association building in Paducah is a laudable one, and should meet with the hearty support of all good citizens. The Y. M. C. A. here is a great benefit, and deserves to be installed in its own building. In other places little difficulty is encountered in erecting the buildings, and with the proper energy, it is likely that it could be done here. At any rate, it will not be amiss to try it.

The newspaper fraternity of Kentucky will regret to lose Mr. Clint B. Leigh, of the Owensboro Messenger, who goes to Salt Lake City, Utah, to accept a lucrative and responsible position. Mr. Leigh is a Paducah boy whose friends are innumerable. He has risen by hard work, and being bright, energetic and popular, possesses those elements that insure the greatest future success. He is a thorough gentleman a rattling good newspaper man and will no doubt make as many friends in his new home as he has in Old Kentucky. The least that can be said is that he will carry with him the best wishes of all the newspaper boys of Kentucky.

It is to be hoped that the legislature will not have an extra session. If that gang succeeds in getting one, however, it will mean perhaps months of slothful and costly proceedings that will only serve to injure the state. The more such a class of legislators as those at Frankfort fool with the state statutes, the worse they make them, and it is patent to everyone now that the situation is bad enough. They are not competent to vote intelligently on the greater part of the measures. It takes a smart man to formulate a good law, and a smart man to vote on it intelligently. The calibre of the present set of lawmakers is evident from the kind of bills they have introduced and passed, as well as the needed ones that they have not passed.

TILLMAN GETS MAD.

Senator Tillman did not surprise anyone by coming out in a vicious attack on the president because the latter saw fit to recall an invitation to the dinner given in honor of Prince Henry. He admits that the president had the same right to withdraw it that he had to extend it, but shows pique and resentment because the president exercised the prerogative that the offending senator himself admits he possessed. The right kind of a man would have had nothing to say about the snub. He would have quietly ignored it. But not so with Tillman. It is not his way. He is a common, vulgar man who by chance, and some little ability of a kind, has managed to reach a high place in life. He is a disgrace to the United States senate and always was. His conduct in the senate, and his conduct alone, provoked the disgraceful fight that caused the recent disorder. He attempts to excuse himself by whining that he was called a liar, and declaring, "no man could hold up his head in decent society should be, being near enough to answer the lie with a blow, not to give it." It has been seen of discrimination that enables the pitchfork senator from South Carolina to realize the insult implied in being called a liar, and to perceive the reflection on other senators of selling

his vote, or of giving it in response to some undue influence or to secure some individual preferment in return. The people can determine which had the greater insult to resent, Tillman or McComas, and they will commend the president for his action in showing Tillman that he brought himself into disfavor by his brutal conduct. If they do not, however, it will make no particular difference to the president. Tillman and his colleague are now suspended from the privileges of the senate. They have been adjudged in contempt of the senate, and this in itself, leaving the justice of the case entirely out of the question, was sufficient to justify the president in his withdrawal of the invitation. If the United States senate does not want to associate with Tillman, why should Tillman expect the president of the United States, who is a gentleman and a scholar, to do so?

TO BE LIGHT.

THE UNITED STATES ASKS THE POWERS NOT TO BE TOO HARD.

Washington, Feb. 26.—The United States government has proposed to the powers concerned in the Chinese treaty that they consent to a pro rata reduction of claims, so as to maintain the total within the sum of 450,000,000 taels, which the powers agreed to accept for China as the full indemnity for the Boxer outrages. Germany has discovered that she placed her claim too low, and has demanded an increase in allowance of 10,000,000 taels, and if this is to be met, the other signatory powers must agree to submit to the pro rata deduction of that sum from their own original allotments. The United States is firmly opposed to any attempt to extort from China more than 450,000,000 taels, and it will attempt to avoid the creation of a precedent to be followed by other powers in the allowance of this German claim.

WOULD OUST BOTH.

COLONEL WATTERSON TALKS OF THE TILLMAN-M'LAURIN FIGHT.

Chicago, Ill., Feb. 26.—"If I were in the United States Senate I would vote to throw out both Tillman and McComas," declared Colonel Henry Watterson at the Auditorium annex. "If they were once expelled they would both have a hard time getting back again."

Colonel Watterson was particularly bitter on the principals in the Senatorial fracas, and appeared to regard it as an affront to the entire South.

"The dignity of the Senate demands the severest punishment," he continued. "Tillman gave McComas great provocation, but what Tillman should have done was to wait until he caught McComas outside of the Senate chamber. When a man is looking for a fight he usually can find it. I think both Senators should be fired out of the Senate, and they would not get back soon."

KILLED THE TEACHER

UNREQUITED LOVE CAUSES A DOUBLE TRAGEDY.

Decatur, Ill., Feb. 26.—Fletcher Barnett, a school teacher, entered a school house, one mile from Camargo, and without warning shot and instantly killed Miss Eva Wiseman, the teacher in charge. He then shot at Albert Hopewell, a pupil, who attempted to interfere, but missed him. Barnett then shot himself, but apparently without serious injury. He rushed out of the building and shot himself again, but still not fatally. He then jumped into a well and was drowned. Barnett had been a suitor for the girl's hand. All were highly connected.

TO CURE GRIP IN TWO DAYS

Laxative Bromo Quinine removes the cause. E. W. Grove's signature on every box. Price 25 cents.

WILL BE PROSECUTED

WOMAN WHO ASSISTED THE BIDDLES OUT OF HOSPITAL

Butler, Pa., Feb. 26.—Mrs. Kate Soffel, wife of the Pittsburgh jail warden, who assisted in the escape of the Biddle brothers and was wounded during the battle when they were recaptured, was removed from the Butler hospital this morning and taken to Pittsburgh by County Detective Robinson. She had fully recovered from her wounds. Three charges have been made against her, one alleging the crime of aiding in the escape of murderers and two alleging felonious assault and battery.

EXCOMMUNICATION.

Buffalo, N. Y., Feb. 26.—James Edward Quigley, D. D., Roman Catholic bishop of Buffalo, has issued a letter addressed to the priests of his diocese denouncing the teachings of Socialism. Catholics are commanded to renounce the doctrines on pain of deprivation of the sacrament. In case of persistence in following the teachings of the supreme penalty of excommunication will be inflicted.

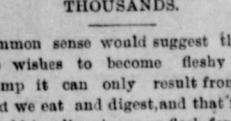

WHOLESALE LIQUOR DEALER FAILS.

Denver, Col., Feb. 26.—Sam Baratz, wholesale liquor dealer of this city, has filed a petition in bankruptcy in the United States court. His liabilities are given at \$230,000. More than \$100,000 liabilities are due Eastern firms for stock. The assets are said to amount to \$95,000.

## ONLY A SUGGESTION.

BUT IT HAS PROVEN OF INTEREST AND VALUE TO THOUSANDS.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest, and that food, should be albuminous or flesh-forming food, like eggs, beefsteak and cereals; in other words, the kind of food that makes flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse, and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight. The digestive organs do not completely digest the flesh-forming beefsteak and eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay their prejudice aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural peptones and lactase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to regain its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every form of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children even the most delicate, use them with marked benefit as they contain no strong, irritating drugs, no cathartics nor any harmful ingredient.

Stuart's Dyspepsia Tablets is the most successful and most widely known of any remedy for stomach troubles because it is the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada, as well as in Great Britain, at 50 cents for complete treatment.

Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people, strong, plump and well.

QUEEN WILHELMINA ILL.

The Hague, Feb. 26.—Sensational rumors are in circulation to the effect that the state's general will be convoked for the purpose of appointing a regent for a year, as, owing to illness, Queen Wilhelmina is going abroad.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time.

J. C. GILBERT.

American Hop.

The American hop fields employ about 240,000 men, women and children as pickers alone, for there are 72,000,000 hop vines to be stripped, and the crop in a good season is worth \$16,000,000.

A THOUSAND DOLLARS

THROWN AWAY.

Mr. W. W. Baker of Plainview, Neb., writes: "My wife had lung trouble for over fifteen years. We tried a number of doctors and spent over a thousand dollars without any relief. She was very low, and I lost all hope, when a friend suggested trying Foley's Honey and Tar, which I did; and thanks to this great remedy it saved her life. She is stronger and enjoys better health than she has ever known in ten years. We shall never be without Foley's Honey and Tar, and would ask those afflicted to try it."

J. C. GILBERT.

## THE MAYOR RETURNS

The Paducah Officials Accomplished Something at Frankfort.

The Reduction in Second Class Official Terms Will Not Be Passed.

THE LEGISLATURE IS DOING LITTLE

Mayor D. A. Yeiser and Former Mayor Lang returned this morning from Frankfort, where they went to put before the legislature certain measures and amendments they desired to the second class charter. The most important one they will be unable to secure. They have ample assurance of this now.

This measure is the one making the terms of officers of second class cities who are to be elected next year, two years instead of four, in order to put the elections in second class cities in harmony with the constitution, and make them fall in the same years as the elections in Paducah, which will be in harmony with the constitution. This proposed bill will probably never see the light of day. If it ever gets out of the committee room, it will be defeated.

Mayor Yeiser and Former Mayor Lang appeared before the committee on municipalities of both the house and senate, and Former Mayor Lang stated what was desired. He made a lucid explanation to the committees, but was informed that the cities of the second class do not desire to have the terms of the officers to be elected next year reduced to two years, and furthermore want the election to be held the same year as that of government. This means that Paducah's proposed amendment will not pass the committee.

Two other desired amendments, however, will probably be adopted. One is amending the charter so the city council will have the power to fix the salaries of firemen. The Paducah delegation wanted the council empowered to fix all the salaries of the city officials, but cannot get this.

Another thing that the Paducah crowd explained, and received ample assurance from the committee would be recommended, is a bill making legal the assessment of property taken in Paducah last fall by City Assessor Lyon. Assessments for cities of the third class are on property as on January 10th of each year, while those of the second class are made on property as on September 15th. The assessment taken last September by order of Mayor Lang was to enable Paducah, after going into the second class, to collect taxes for the six months following June last, when the present tax levy expires. If the bill introduced to make this legal passes, it will enable the city to do it.

The bill transferring Paducah to the second class has not yet become a law, but there is no objection to it, and the Paducah officials are confident it will be passed, if it is brought up. The only trouble is that there are only fifteen more working days in the legislature, and with over 600 bills, and only two finally passed, it is not certain how many bills, and which ones, will be introduced for final action. It is possible the bill making Paducah a second class city will be sidetracked.

While the committee on municipalities has given assurance that the above two measures will pass it does not control the proceedings of the legislature, and the measures may never come up, despite their efforts to secure action on them.

It is said by some of the Paducah crowd that the legislature is practically doing nothing but "playing and spending the people's money." It is astonishing how little is being done in Frankfort.

A dispatch to yesterday's Louisville Times says: "Tired of waiting for the political factions of Covington, Newport and Lexington to settle between themselves as to what sort of report the house committee on municipalities shall make on the bill to extend for two years the terms of office of their present city officials, so as to make the charter of second class cities correspond with those of the other classes in the election of officers, the citizens of Paducah, which is seeking to get into the second class, have

Bad Circulation is the cause of most of the ills that come with old age. With advancing years there is a decline of strength and vigor—the machinery of the body moves with less speed and accuracy. Because of the weak and irregular action of the heart the blood moves more slowly, becomes impure and loses much of its life-sustaining properties, and muscles, tissues and nerves literally starve for lack of nourishment. A sluggish and polluted circulation is followed by a long train of bodily ailments. Cold feet, chilly sensations up and down the spine, poor appetite and digestion, soreness of the muscles, rheumatic pains, hard and fissured skin, face sores, chronic running ulcers on the lower limbs and other parts of the body—these and many other diseases peculiar to old people are due to a lack of healthy blood and imperfect circulation. Restoration to health must come through the building up and purification of the blood, thus adding strength and tone to the vital organs and quick, healthy action to the circulation.

S. S. S. being strictly a vegetable blood remedy and the best tonic, makes it the most valuable and efficacious of all medicine for old people. It is free from all mineral ingredients, and mild and pleasant in its action. It cures blood diseases of every character, even those inherited or contracted in early life. As the system gets under the influence of S. S. S. there is a marked improvement in the general health, and as richer and purer blood begins to circulate through the body the appetite improves, and there is a softness and elasticity about the skin that you have not noticed for years; sores begin to heal, pains in muscles and joints gradually cease, and you find that it is possible to be happy and healthy even in old age.

Our medical department is in charge of physicians who make a study of blood, and have not noticed for years; sores begin to heal, pains in muscles and joints gradually cease, and you find that it is possible to be happy and healthy even in old age.

Our medical department is in charge of physicians who make a study of blood, and have not noticed for years; sores begin to heal, pains in muscles and joints gradually cease, and you find that it is possible to be happy and healthy even in old age.

Don't be your own doctor when you can get medical advice free. Book on Blood and Skin Diseases mailed to all who desire it.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

drafted another bill to remedy the defect. The new measure presented in the house this morning by Representative Clark of McCracken provides that at the November, 1903, election, when, under the present law, the cities of the second class again elect officials, they be elected for a term of two instead of four years. This would bring them to another election in November, 1905, when the cities of all other classes elect. The bill was referred to the committee on municipalities, and will, it is understood, be reported quickly. The bill was brought here by Mayor D. A. Yeiser, former Mayor J. M. Lang and City Attorney J. M. Worten."

The above bill is the one that the Paducah representatives are confident will be defeated. In fact, the committee on municipalities has more than intimated it will report it unfavorably.

Army Telegraph Operators.

In the British army the telegraph operators belong to the engineers, who for the purposes of administration and promotion form a single corps, consisting of forty companies, three troops and a large establishment of officers not attached to any companies, but employed in superintending works and buildings and in other professional and scientific duties. The three engineer troops are the field equipment troop, the telegraph troop and the pontoon troop. A telegraph troop consists of six officers, 245 non-commissioned officers and men, with 21 carriages, 42 riding and 114 draught horses. Twelve of the wagons are fitted as wire wagons, and carry each three miles of insulated wire, etc. Four wagons are fitted as offices with recording instruments. The troop is so arranged that it can be broken into three sections, each complete in itself. A certain proportion of the men are trained to act as signallers and all the material for visual signaling is carried with the troop. This material consists of flags for use by day, rockets and lime-lights for flash signals by night, etc. The pay of a private in the engineers is 1s 13d per day; of a corporal, 2s 6d; of a sergeant, 3s 3d; of a lieutenant, 10s 10d; of a captain, 17s 7d—Montreal Herald and Star.

Elephant Catcher Needed.

An elephant catcher rather than a cow catcher seems to be needed in India. On the railroad between Bengal and Assam, according to the Railroad Gazette, as the superintendent of the line was making an inspection trip, while passing through the great Nambar forest, the train came to a stop with a jolt that threw the travelers out of their berths. The train had run into a herd of wild elephants which were trotting down the track, the last of which had both hind legs broken and was thrown into the ditch, while the engineer counted seven others which got away. This is not the first time that wild elephants have got on the track, and ordinary fences and cattle guards are no protection.—Scientific American.

A Snake-Skin Drum.

The Chinese tambourine is called chichan. The drum is made of snake skin, and care is usually taken to select the skin of a serpent which has variegated colors, in order that there may be some style about the instrument.

## Modest Womanhood

A becoming modesty keeps many afflicted women from consulting a doctor about female diseases and the fear of an unnecessary surgical operation keeps many others away. In this way the poor suffering woman who longs for relief but shrinks from seeking it, gives up in despair. But hundreds of thousands of women in this country to-day, like Mrs. Steele, know that there is no need of giving up—that there is a positive home cure for female diseases within the reach of every modest woman.

WINE OF CARDUI

made life worth living for Mrs. Steele, when the best doctors in Illinois could not help her without an operation from which she recoiled with horror. If you are despondent, suffering female ills and bearing pain, go to your druggist and buy a bottle of Wine of Cardui. It will relieve you.

For a full and complete description of the Wine of Cardui, and how it can be used, send for a free copy of the "Ladies' Advertiser" to the

Cardui Medicine Company, Chicago, Ill.

I have been a sufferer every month since I have been a woman and have been treated by the best doctors

## THE RIVER SITUATION

Navigation Has Been Resumed—Ice is Sinking Rapidly.

A Boat's Boiler Blows Up in Upper Tennessee—Gorge in the Susquehanna.

### MINOR NEWS OF THE RIVERS

The river situation here is quite favorable. There is no ice of consequence, and very little is expected. That that has been gorged is ground and crushed to such an extent, and the weather is such, that it soon sinks. The river here is rising slowly, and local river men do not anticipate a flood, although it is possible there may be a pretty big stage of water.

Observations taken at 7 a. m. River, 10.9 on the gauge, a rise of 1.3 in last twenty-four hours. Wind south-east a light breeze. Weather cloudy and warmer. Temperature, 34. Fell, Observer.

The Clyde leaves tomorrow a. m. for Tennessee river.

The City of Clifton cleared for Tennessee river last evening.

The Charleston left for Tennessee river last evening with a good trip.

The H. W. Buttorff departed for Nashville at noon today with a splendid trip.

The gorge at Howell's, just below Evansville, has cut loose, and the ice proves very soft.

The Fowler-Wolfe steamboat sheet iron works is doing a large business.

## AT "THE KENTUCKY."

It is understood that Mr. Harry Seamon now manager of the "Ten Nights in a Barroom" company quartered in Paducah will go out with the Buckskin Bill Wild West show.

Mr. Joe Everich, the billposter, has returned from Covington, where he went to attend the Billposter's convention. It is the intention to effect a state organization to affiliate with the national body. After completing their institution, the following officers were elected: O. P. Fairchild, of Covington, president; Joseph Everich, of Paducah, vice president; J. L. Lambert, of Henderson, secretary; G. H. Otting, of Newport; L. H. Ramsey, of Lexington; John Wahl, of Louisville and J. C. Burch, of Owensboro, directors.

Mr. Ed H. Robinson, one of the best known theatrical men in the business, is in the city in advance of "A Royal Prisoner," one of the Klaw and Erlanger productions, which will be at The Kentucky shortly. Mr. Robinson is one of those hale, hearty fellows, well met and has been connected with some of the largest productions on the stage. He was former-

ly proprietor and manager of "In Greater New York," "Gilded World Burlesques," Robinson Stock Company" and "Gilded Manhattan." He has had years of experience, and this year is in advance of one of the best romantic dramas on the road. Mr. Robinson, in addition, one of the originators of the street fair and carnival, and a few years ago managed the most successful one in the history of the country at Brooklyn, N. Y., for the Elks lodge. He also does newspaper work, and last year was press agent for many of the Midway attractions of the Pan American exposition.

Every person has read and marveled at the paradoxical and startling things done by Liquid Air. Most people want to see and know more of this wonderful fluid, and tomorrow night, February 27, at The Kentucky, all will have a chance to do so. Hundreds have already spoken for tickets and all going should secure seats early. The liquid air for the many experiments will be shipped from the factory in such quantity that an abundant supply will be on hand, despite the constant evaporation. These demonstrations in other cities have drawn great numbers of people, who have fairly reveled in the marvelous experiments of this unique and wonderful power that gives promise of immense industrial changes through its agency.

Science of Colds. Almost everybody one meets is afflicted with that trivial but annoying ailment a "cold." This is one of the minor troubles of life, but it is a strangely perverse affection all the same, and one decidedly obstinate as regards its tendencies toward cure. Doctors now agree that the cold in the head or "coryza" is an infectious trouble, and therefore to be regarded as another triumph for the ubiquitous microbe. The spread of cold through a household may thus be accounted for on the scientific principle of ordinary infection. The means of cure are many. One English specialist recommends taking an opiate to start with, in the shape of fifteen or twenty drops of chloroform in water, repeating the dose in, say, four hours. He also prescribes a Dover's powder at bedtime (say ten grains) and a hot drink, by way of encouraging skin action, provided risk of cold and chill is avoided.

### SPECIAL ENGAGEMENT!

E. J. CARPENTER'S  
SPLENDID SCENIC PRODUCTION OF  
SIENKIEWICZ GREAT STORY OF CHRISTIANITY.

# QUO VADIS

QUO VADIS comes to The Kentucky March 10th, with Miss Flora May Clark in the role of "Lygia."

one of benefit to the boat owners. The owner will simply pay for piloting by the tonnage. This is a matter to be agreed upon by the boat owners and the pilots. The plan seems to be meeting with favor, and I am much gratified."

Towboats are making an effort to run on the upper Ohio. It is said that some towboat pilots have been hired to make trips to Louisville from Pittsburgh on the next rise in the river, \$200 a trip having been the wages agreed upon.

The inhabitants occupying the lowlands along the river between Louisville and Cairo will breathe a sigh of relief when the ice disappears and the river refuses to become a full fledged flood.

Capt. John F. Dravo, the champion of the Monongahela and other rivers that flow past and near Pittsburgh for so many years, has occasion for congratulation upon the decision of the river and harbor committee of the House to recommend \$1,000,000 for the improvement of the Monongahela; \$600,000 of this sum is to be used in rebuilding one of the locks on this river.

The ice gorge on the Susquehanna river, which is the worst since 1887, has not yet been broken, but the flood has been broken by the recent storm and the present mild weather is expected at any time. The back water, it is said, imperils the lower portion of Columbia, as well as Washington, and the little valleys lying between, while the peach orchards and tobacco sheds, some with crops still in them, on the larger islands in the river, will be in danger of being swept away.

The Evansville packet, Joe Fowler, left this morning with an immense cargo. The Hopkins left Evansville at the same time, and arrives tomorrow. The steamboat T. H. Bacon was 'totally wrecked in the Tennessee river seven miles below London yesterday. The boiler exploded, killing Estil Haulgins, assistant engineer, perhaps fatally injuring Robert Bird, a passenger, who was en route home from the Philippines and seriously injuring Albert Claiborne, the engineer, and Cook Smith, a deck hand. The boiler shot through the rear of the boat after first exploding, and when it struck the water a second explosion occurred. The steamer was operated between London and Kingston, Tenn.

Mother can safely give Foley's Honey and Tar to their children for coughs and colds, for it contains no opiates or other poisons.

Country Boy Squashes City Uncle. He was a well-to-do small boy, who lived in a well-to-do town in the western part of the state, with pride in his native home, and a vague idea that city people considered all outsiders as small potatoes, and few in a hill at that. Now, when his mother brought him to Milwaukee to visit his brother, he held his head proudly and intended to convey the idea that he and his were of some importance. His uncle took him to see the different big buildings, including the Pabst theater, the library, postoffice and the various churches. One Sunday he was introduced to St. Paul's. The mother turned her head to take in the beauty of the pictured windows with their pretty colorings, and secretly wished her lot had fallen in the city, but the boy sat bolt upright as though such surroundings were very common to him. When they reached home his uncle remarked, "Well, Tommy, the church is something grand compared with your buildings in C-." With an impatient toss of his head, Mr. Impertinence announced: "It wouldn't make a wood-box for our Baptist church."—Milwaukee Sentinel.

See James' column for farm loan terms.

CONFEDERATE REUNION  
DALLAS, TEXAS.

Owing to the great amount of interest being manifested in the coming reunion at Dallas next April the passenger department of the Illinois Central railroad has arranged to run special trains through to Dallas via Jackson, Miss., Vicksburg and Shreveport without change, allowing the Old Veterans an opportunity to stop over at Vicksburg and view the historic battlefields on which doubtless many of them faced the enemy in one of the fiercest conflicts now recorded in history.

The rate from all stations will be one cent per mile, each way, and tickets will be on sale April 19, 20 and 21. For further particulars call on or address J. T. DONOVAN Agent, Paducah, Ky.

ONE RECRUIT ACCEPTED.

William Dudley of Bowling Green, was yesterday afternoon late accepted by Sergeant Wigginton, the recruiting officer and will be enlisted into the regular infantry army.

Foley's Honey and Tar cures the cough caused by attack of la grippe. It heals the lungs.

J. C. Gilbert.

THE PLAINTIFF WON.

In the case of Hamp Pirson colored against the steamer Charleston suit for \$4.50 for wages due, Commissioner Gardner decided in favor of the plaintiff.

Science of Colds. Almost everybody one meets is afflicted with that trivial but annoying ailment a "cold." This is one of the minor troubles of life, but it is a strangely perverse affection all the same, and one decidedly obstinate as regards its tendencies toward cure. Doctors now agree that the cold in the head or "coryza" is an infectious trouble, and therefore to be regarded as another triumph for the ubiquitous microbe. The spread of cold through a household may thus be accounted for on the scientific principle of ordinary infection. The means of cure are many. One English specialist recommends taking an opiate to start with, in the shape of fifteen or twenty drops of chloroform in water, repeating the dose in, say, four hours. He also prescribes a Dover's powder at bedtime (say ten grains) and a hot drink, by way of encouraging skin action, provided risk of cold and chill is avoided.

Mr. Ed H. Robinson, one of the best known theatrical men in the business, is in the city in advance of "A Royal Prisoner," one of the Klaw and Erlanger productions, which will be at The Kentucky shortly. Mr. Robinson is one of those hale, hearty fellows, well met and has been connected with some of the largest productions on the stage. He was former-

ly proprietor and manager of "In Greater New York," "Gilded World Burlesques," Robinson Stock Company" and "Gilded Manhattan." He has had years of experience, and this year is in advance of one of the best romantic dramas on the road. Mr. Robinson, in addition, one of the originators of the street fair and carnival, and a few years ago managed the most successful one in the history of the country at Brooklyn, N. Y., for the Elks lodge. He also does newspaper work, and last year was press agent for many of the Midway attractions of the Pan American exposition.

Every person has read and marveled at the paradoxical and startling things done by Liquid Air. Most people want to see and know more of this wonderful fluid, and tomorrow night, February 27, at The Kentucky, all will have a chance to do so. Hundreds have already spoken for tickets and all going should secure seats early. The liquid air for the many experiments will be shipped from the factory in such quantity that an abundant supply will be on hand, despite the constant evaporation. These demonstrations in other cities have drawn great numbers of people, who have fairly reveled in the marvelous experiments of this unique and wonderful power that gives promise of immense industrial changes through its agency.

## Heart Beats

that are too fast or too slow, too strong or too weak, are not the kind that come from a healthy heart. Remember, every heart that pumps, flutters, palpitates, skips beats, and every heart that causes fainting spells, shortness of breath or smothering, is weak or diseased, and cannot keep the blood circulating at its normal rate.

"My heart was very weak and kept skipping beats until it missed from one to three beats a minute. Well knowing what the result would be if this trouble was not stopped, I began taking Dr. Miles' Heart Cure, and two bottles brought my heart action to its normal condition."

D. D. HOLM, Huntington, Ind.

Dr. Miles' Heart Cure never fails to benefit weak or diseased hearts, when taken in time. Don't wait, but begin its use at once. Sold by druggists on guarantee.

Dr. Miles Medical Co., Elkhart, Ind.

## BOER DELEGATES

REACH NEW YORK ON THEIR JOURNEY TO WASHINGTON.

New York, Feb. 26.—Among the passengers who arrived today on board the steamer Rotterdam, from Rotterdam and Boulogne, were Messrs. Wolmarans and Wessels, Boer delegates, and Dr. De Bruyn, secretary of the Boer embassy. The party will remain in this city for a few days, and then proceed to Baltimore and Washington.

Mother can safely give Foley's Honey and Tar to their children for coughs and colds, for it contains no opiates or other poisons.

J. C. GILBERT.

Country Boy Squashes City Uncle. He was a well-to-do small boy, who lived in a well-to-do town in the western part of the state, with pride in his native home, and a vague idea that city people considered all outsiders as small potatoes, and few in a hill at that. Now, when his mother brought him to Milwaukee to visit his brother, he held his head proudly and intended to convey the idea that he and his were of some importance. His uncle took him to see the different big buildings, including the Pabst theater, the library, postoffice and the various churches. One Sunday he was introduced to St. Paul's. The mother turned her head to take in the beauty of the pictured windows with their pretty colorings, and secretly wished her lot had fallen in the city, but the boy sat bolt upright as though such surroundings were very common to him. When they reached home his uncle remarked, "Well, Tommy, the church is something grand compared with your buildings in C-." With an impatient toss of his head, Mr. Impertinence announced: "It wouldn't make a wood-box for our Baptist church."—Milwaukee Sentinel.

See James' column for farm loan terms.

CONFEDERATE REUNION  
DALLAS, TEXAS.

Owing to the great amount of interest being manifested in the coming reunion at Dallas next April the passenger department of the Illinois Central railroad has arranged to run special trains through to Dallas via Jackson, Miss., Vicksburg and Shreveport without change, allowing the Old Veterans an opportunity to stop over at Vicksburg and view the historic battlefields on which doubtless many of them faced the enemy in one of the fiercest conflicts now recorded in history.

## TIPS

Solves the problem. Anything you need or do not need, "TIPS" will secure or dispose of for you.

The price for advertisements in this column is 5c a line. Cash must accompany the order for all ads. There will be no variance from this rule for anyone.

If you want something swell in the stationary line call on The Sun Job Rooms. The very latest things in fancy stationery and reasonable prices.

**FOR RENT**—The second floor of The Sun's new building will be fitted up to suit tenant. It is an ideal location for an office. Inquire at The Sun.

Entire household goods for sale. Apply to 1021 North Ninth at Mrs. Alice Slaughter.

The Sun will not receive any "Want" or "Local" advertisements except for cash with the order. We are compelled to adopt this rule from the fact that it costs us more in collector's time than we get for the advertisement. This rule will be strictly adhered to, and we trust no one will ask for credit, as we shall be compelled to refuse them.

Respectfully,  
The Sun Publishing Co.

## LOCAL LINES.

Cost you 8 cents per line.  
Use Perter's "Tuff Glass" Lamp Chimneys.  
Sells plenty hickory wood at 1230 South Third Street. Mail orders.  
Joe Wheeler cigars. Ring 305. 11  
H. H. Loving for insurance of all sorts.

Phone 305 for Elks' Dream cigar. 11

Mrs. John Parsons, wife of the circuit clerk of Livingston county, is reported in a critical condition. She has many friends here who will regret to learn of her condition.

Pillsbury's flour, the very best to be had, for all purposes.

Calling cards 75c a 100 at The Sun office.

The best flour is Pillsbury's. Ask your grocer for it.

If it is neat stationery you wish have The Sun job rooms do it.

There was an enjoyable dance at Barkdale's hall last night.

Ask your grocer for Pillsbury's flour, best on earth.

A complete line of blank books and typewriting supplies for the new year at R. D. Clements and Co.

Mr. Alex Wilson writes that he has secured forty members for the newly organized Union Militant at Sturgis and fifty at Marion.

Nothing equals Pillsbury's flour. Ask your dealer for it.

The Sun job rooms are prepared to give you the prettiest job work you ever saw.

Pillsbury's flour, best to be had. Ask your grocer.

The Sun job rooms are prepared to give you the nearest work of any to be found in the city.

The costs in the suit of Architect B. B. Davis against the school board have amounted to about \$150. The board at its meeting Tuesday will probably recommend that the judgment be paid off.

Pillsbury flour, best on earth. Call on your grocer for it.

You can make more loaves of bread out of Pillsbury flour than from two barrels of other.

Madame La Donne, palmist, one of the most wonderful readers of human lives, is located at the Palmer House. She reads past, present and future. She causes speedy and happy marriages. Hours from 10 to 10.

On account of the union meeting at the Broadway Methodist church there will be no services at the Trimble street Methodist church tonight.

**DR. FRANK BOYD.**  
Office: BROOK HILL BLD'G,  
Fourth and Broadway. (Take Elevator).  
Office Phone 238. Res. Phone, 101

## ALMOST GONE.

Just a few of the select storm views left.  
Twenty-Five Cents.  
Get One.

## THE ARCADE M'FADDEN'S THE SUN

Deputy Marshal Will Crow is preparing the quarterly report of the marshal, which with other department reports will be presented at the regular meeting of the council Monday night. There is quite a decrease in the number of arrests this quarter.

Liquid air tomorrow night.

A horse became mired in the mud at Rowlandtown, near the Faxon place, late yesterday afternoon and was unable to get out. The more the animal struggled the tighter it became mired and last night died while nearly covered with mud. The owner of the animal is not known.

Alcohol in icicles at The Kentucky tomorrow night.

If you want a nice souvenir, something that you can keep and recall old times, get one of McFadden's White Week, the souvenir of the great select storm of January, 1902, on sale at McFadden's, Arcade, Sun office, Palmer house news stand. If you want one delivered 'phone 358 or 383.

Only large cities have been able to secure the wonderful demonstration of liquid air, so that Paducah people should appreciate the opportunity of seeing these miracles tomorrow night at The Kentucky.

The Ladies' Mite society of the German Evangelical church will meet with Mrs. A. Bauer Thursday afternoon.

Mr. Fowler's subject at Tenth street church this evening will be "Do or Die," beginning at 7:30 sharp. All will find a cordial welcome.

Dr. Eulank, Hicks and Amos left at noon for Princeton, to attend the convention of the Southwestern Homeopathic Association. Dr. Eulank will make a talk on electrical treatment. They will return to the city tomorrow. There will be about twenty physicians at the convention.

The W. C. T. U. will meet Thursday afternoon at 3 o'clock with Mrs. James Koger, 725 Jefferson street. All members are urged to attend this meeting.

The people of Louisville were highly pleased with the liquid air engagement. It is entertaining, fascinating, educating and is the greatest discovery since the electric light. See it at The Kentucky tomorrow night.

## BECOMING PROFICIENT.

ONE YOUNG MAN COULD "CHAW" WITHOUT GETTING SICK.

Three small boys were entering one of the school yards this morning when one ejected a large quid of tobacco.

"You can chew tobacco without getting sick at all, can't you?" one of the boys admiringly remarked.

"Yes, I have been at it for about a year, but you fellows can never learn, so you'd better not waste any time trying," was the bantering reply.

"Well, I can chew better than Charlie, any way for he got so sick yesterday after school when we took a chew that he had to lay down on a bench for a long time. I got sick but I didn't have to lay down," was the boastful and consoling retort.

By this time they had gotten out of earshot, and the remainder of the conversation as lost in the rumble of a passing car.

## STATION CLOSING TONIGHT.

Sergeant Wigginton has been instructed to close the local recruiting station and will do so tonight. During the month of January there were about thirty recruits secured but this month was not so fruitful and very few have been enlisted.

The Sun has removed to the old News stand, 115 South Third street.

## About People And Social Notes.

Mr. Isaac Reese, of Memphis, is in the city on business.

Mr. Tom Baker left at noon for Hopkinsville to visit relatives.

Mr. W. S. Rand, the drummer of St. Louis, is at the Palmer.

Mrs. Amanda Wilhelm has gone to Union City, Tenn., to visit relatives.

Mr. C. H. Eilers, of Decatur, Ill., is a guest of Mr. and Mrs. George Powell.

Mrs. Henry Baker left at noon for Texas to visit her son, Mr. J. S. Baker.

Mr. W. K. Wall of the Mayfield Messenger is in the city on business today.

Mrs. Ann Roseman and daughter, Miss Margaret Roseman, returned home to Evansville this morning on the packet after a visit to friends and relatives here.

## SOCIAL NOTES.

Mrs. Charles Graham entertained the Married Ladies' Euchre club at her home at Clark and Ninth streets yesterday afternoon. The prizes were won by Mrs. James Sherrell, Mrs. A. J. Reitz and Mrs. John Rock. It was a most pleasant occasion.

Mrs. Fred Nagel is entertaining at cards this afternoon.

## SICK LIST.

Mrs. Wm. Bengono, of South Third street, is critically ill of Bright's disease and the physicians have given her up.

Mr. Tarbell Laurie continues to improve.

Mrs. Joseph Walker's condition remains the same.

Paul, the son of Mr. Ben Price, who was dog-bitten several days ago, is improving.

Mr. J. V. Powell who has been ill for some time, is much improved and was yesterday able to be out on the street for a short time.

Mr. James Sevier is out again after a second attack of erysipelas.

The daughter of Mr. H. B. Duncan was yesterday taken to the home of relatives on South Third street. She was sent here from Birmingham, Ky., and is seriously ill.

Attorney W. D. Greer is able to be out again.

Blankets and comforts still going for one-third off at RUDY, PHILLIPS & CO.

THE TERRELL BANK. RUPTCY CASE. A partial investigation was made in the Terrell bankrupt case yesterday, and all further proof will be taken by deposition, by agreement between both the petitioners and the creditors. The investigation was held before Judge Lee of Mayfield. Attorney A. Y. Martin was elected the trustee for the creditors.

Buy a good style \$1.00 corset for 50c. Only a few in this value left. RUDY, PHILLIPS & CO.

Called Meeting of Council. The council will meet in called session tonight to consider several important matters. A report will be made by Mayor Yeiser of his Frankfort trip.

Frankfort, Ky., Feb. 26.—A mandate was this afternoon filed by Judge Pratt's attorneys, claiming salary for the office of attorney general.

## UNION GOSPEL MEETING

FINE SERVICE LAST NIGHT—INTEREST GROWING.

A large congregation was out last night to hear Rev. W. E. Biederwolf and Mr. Harry Maxwell, the big auditorium of the Broadway Methodist church was filled. The union gospel meeting is under the auspices of the following churches: First Christian, First Presbyterian, First Baptist, Grace Episcopal, German Evangelical, Cumberland Presbyterian, Broadway, Trimble street and Third street Methodists and much interest is being manifested. Mr. Maxwell had a choir of over 50 voices last night, and the singing was spirited and good. Prof. Dodd was at the piano, and Mr. A. J. Bamberg was the organist. Mr. Maxwell's solo, "The Holy City," was finely rendered.

Mr. Biederwolf preached a strong sermon from the text "Them that were entering in ye hindered," as found in Luke xi:32. He eloquently dwelt on the sadness that clusters about the word "hindered." To be nearing the goal, and then to stumble; to have aspired and almost achieved; and then to lose hope. To be striving to enter God's Kingdom and then to be turned aside. Rise and build again we can, but the hopelessness of having turned a soul away from God is for all ways.

It is the devil's province to hinder. 1. He makes it hard to start and hard to enter. 2. He uses human instrumentality to do it. "What a part you and I play in making humanity. We are either helpers of God or of the devil." The devil runs an employment bureau where something can be found for every one to do. Instead of "I am the Resurrection and the Life" we have today "I do not know. I cannot tell." The Christian can hinder anybody else from coming to God by: 1. Mistakes and failures. By the right things that we fail to do and the wrong things that we do. 2. By inconsistencies. A Christian cannot afford to be inconsistent. It is the principle that is the thing. Mr. Biederwolf enforced all he said by apt and practical illustrations that emphasized his words strongly in the minds and hearts of his hearers. Mr. Biederwolf is undoubtedly making a strong impression in Paducah, and has touched the hearts of the people deeply. He is no harsh critic, but speaks the truth with a sympathy and courtesy that is more effective.

An after-meeting was held last night for the Christian workers and various committees, and much work was mapped out for today. Mr. Biederwolf is a fine organizer and everything is wonderfully well systematized, which is one great secret of success.

The afternoon meetings are well attended. A most interesting service was held yesterday at 3 o'clock. Mr. Biederwolf's talks at this time are especially helpful to the church members, and all should hear them. Beginning this afternoon there will be a ladies' prayer meeting in the Sunday school room of the Broadway Methodist church every afternoon at 25 minutes to 3 o'clock. This is in the hands of the Devotional committee and all the ladies are urged to attend on this occasion of earnest prayer for the meeting's success.

The service tonight will be of great interest. The song service begins promptly at 7:30 and is under Mr. Maxwell's able lead.

Only a few of those \$1.00 laundered white shirts for 49c left. Purchase early to get size.

One lot of ladies' early spring wrappers, nicely made and trimmed, fast colors, for 98c only.

RUDY, PHILLIPS & CO.

Y-M-C-A. BOARD.

There has been a meeting of the Y. M. C. A. board called for tonight to discuss an important question. Since the Y. M. C. A. state convention much interest has been created in the work of the association and the people have seen what a big thing it is and have taken more interest in the local branch. The meeting will be held solely to discuss the home question. Several local merchants have started a movement to purchase a home and the matter will be thoroughly discussed.

## BRIEF TELEGRAMS

Washington, Feb. 26.—General Chaffee has notified the war department today that Lieutenant Stribler of the Philippine scouts had captured General Luchan last Saturday.

Washington, Feb. 26.—The Senate chamber was filled with spectators today, but no action was taken in the Tillman-McLaurin matter. A report is expected tomorrow.

Washington, Feb. 26.—The state department today received official confirmation from Minister Peisham that Miss Stone had been released. She is en route to Constantinople.

## TO USE A TENT.

Novel Plan of a Paducah Man to Continue His Business.

Work is Progressing on Many Buildings at the Present Time.

Mr. L. A. Lagomarsino, of the Merchants' Exchange, has adopted a novel plan to continue his business in Paducah while the building he occupies at Second and Broadway is being remodeled. He thought that he would be able to remain in it and continue business during the progress of the improvement, but now finds that it will be impossible. He has accordingly ordered a large tent from St. Louis, and will pitch it at Second and Jefferson streets, next to Friedman and Keller's, and open up Saturday. It will be in the nature of a "German Village," and he will remain in it five weeks.

Work on the Harbour building on North Third street is progressing rapidly since the weather became better.

The brick work on the Armour building at First and Broadway has begun, and the building will be pushed as rapidly as possible.

Contractor Shelton has begun work on the Paducah Textile work's building in Mechanicsburg.

Architect Lassiter is drawing plans for a two story brick stable to be erected by Loeb and Bloom on First street back of the New Richmond hotel, to replace the one recently destroyed by fire.

Mr. F. W. Katterjohn of the Katterjohn Construction company left at noon today for Chicago, to confer with the railroad officials relative to some work he will do for the company.

Mr. Katterjohn will construct the big coal chute, mentioned in yesterday's Sun, and will begin the work as soon as the material arrives. The cost will be about \$20,000. The chute was decided on last summer, but it was then too late to build, and the company deferred the matter until a better season.

FLANNEL WAISTS REDUCED. These are all new styles and of nice material.

\$1.50 Flannel Waists for 98c.  
\$1.75 Flannel Waists for \$1.25.  
\$3.00 Flannel Waists for \$1.98.  
\$3.25 Flannel Waists for \$2.17.

RUDY, PHILLIPS & CO.
